Updated 2014

NEWAYGO COUNTY AGRICULTURAL FAIR

The pedigree sale project is for exhibitors that are 12 to 19 years of age and have been in the rabbit area project at least one year. To be eligible for this project, exhibitors must have registered their project by April 1st of the current year. Exhibitors must also sign up for the pedigree sale class in the fair registration paperwork.

Ideally this project is for exhibitors that own at least one pair of rabbits and have bred rabbits that have resulted in a pedigreed, showable rabbit.

Exhibitors must own and show their own rabbits. If a conflict occurs with showing another species, please see the rabbit superintendent.

When calling to register for this class you must have the information of what breed rabbit you will be using for this class as well as a tattoo number being used. A complete pedigree for the rabbits you are planning on entering in the Pedigree Rabbit Sale Project area. The rabbit you have registered must be the rabbit you show at fair time. If your rabbit earns an "A" award, it will be able to be sold at the Market Livestock Auction. If there are more than 10 rabbits registered for this class, all eligible entries will be pooled together and 10 exhibitors will be drawn.

Pedigree Sale Project rabbits must be between the ages of 3 months and 1 year. Purchasing a rabbit to sell is prohibited. Pedigree rabbit is a rabbit you have bred and was born at your rabbitry. Must be a fully pedigreed rabbit.

Pedigree Sale Project

What breed did you decide on for this project? _____
