To the Exhibitor

This project book is to help you learn about rabbit showmanship through proper handling, fitting, showing, and examining techniques, as well as, how to show your rabbit, answer questions and the standard by which you and your rabbit are being judged. This will help you feel more confident when it comes time to go before the rabbit judge. To learn all you can about your rabbit, you should attend as many rabbit club meetings and events as possible. If you do not understand something, ask your 4-H leader, teen leader, or call the Rabbit Superintendent at 231-519-7380. If you have a 4-H leader they will explain the regulations of the rabbit project area and fair week. If you do not have a 4-H leader, or are in a club not knowledgeable about rabbits please call the Rabbit Superintendent for answers. Be sure you know what is expected of you so you will have a more enjoyable time during the Newaygo County Agricultural Fair. The Rabbit Showmanship Project Book must be neat and as complete as you can get it. This book is due by the first day of Fair week, and given to the Rabbit Superintendent before your rabbit project is deemed complete. You can add pictures to this and put this as well as any other information you gather into a note book or three ring binders. If you don't get every answer this year, you will probably learn more by next year. Each year the same book must be filled out and each year you will learn more. We look forward to seeing you and your rabbit at Fair this year.
